CAPABILITIES STATEMENT

Since 2014, WilMac LLC has provided precision toolmaking, taking ideas to a manufactured precision product. With over 34 years of experience in the industry, WilMac staff has the capability to perform high precision, quality work as we take your initial concept from an idea, to a completed CAD design, and finally to a finished product. WilMac is a unique innovative company utilizing CAD software, Solid Works, and CAM software HSM Works to move your idea to a manufactured precision product. Complete customer satisfaction is our goal which is achieved by meeting our customers' needs through excellent communication, quality work, fair pricing, and on time delivery.
